

CITY OF FRESNO PLANNING AND DEVELOPMENT DEPARTMENT

NOTICE OF PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that the Fresno City Planning Commission and Fresno City Council, in accordance with Sections 65090, 65091, and 65580 (Planning and Zoning Law) of the Government Code and in accordance with the procedures of Article 6, Chapter 12, of the Fresno Municipal Code, will conduct public hearings to consider adoption of proposed amendments to the City of Fresno's 2025 Fresno General Plan, Resources Element, Air Quality Topic. This component will be titled Air Quality and Global Climate Change Housing Element and will include amended and additional objectives and policies to provide updated strategies, actions, and implementation measures intended to reduce the generation of air quality criteria pollutants and emissions that contribute to climate change trends. The document content is intended to provide residents, public officials, and the general public with an understanding of the present status of air quality conditions and the statutory provisions that require the City of Fresno to adopt and pursue measures that promote the achievement of improved air quality. The update of the Air Quality provisions of the City of Fresno 2025 Fresno General Plan addresses the provisions of Assembly Bill 170 (California Government Code Section 65302.1) including: 1) a report describing air quality conditions, monitoring data, list of significant source categories, attainment status and applicable state and federal plans; 2) summary of local, district, state and federal policies, programs and regulations that may improve air quality; 3) a comprehensive set of goals, policies and objectives that may improve air quality; and 4) a set of feasible implementation measures designed to carry out goals, policies and objectives. This document, as well as the related environmental assessment initial study and mitigated negative declaration, may be obtained by contacting the number below or via the internet at the following link.
